

Road Safety Plan 2021

National Public Sector Fleet Managers
Conference 2018

2 November 2018

Bernard Carlon

Executive Director, Centre for Road Safety

Freight, Strategy and Planning

Transport for NSW

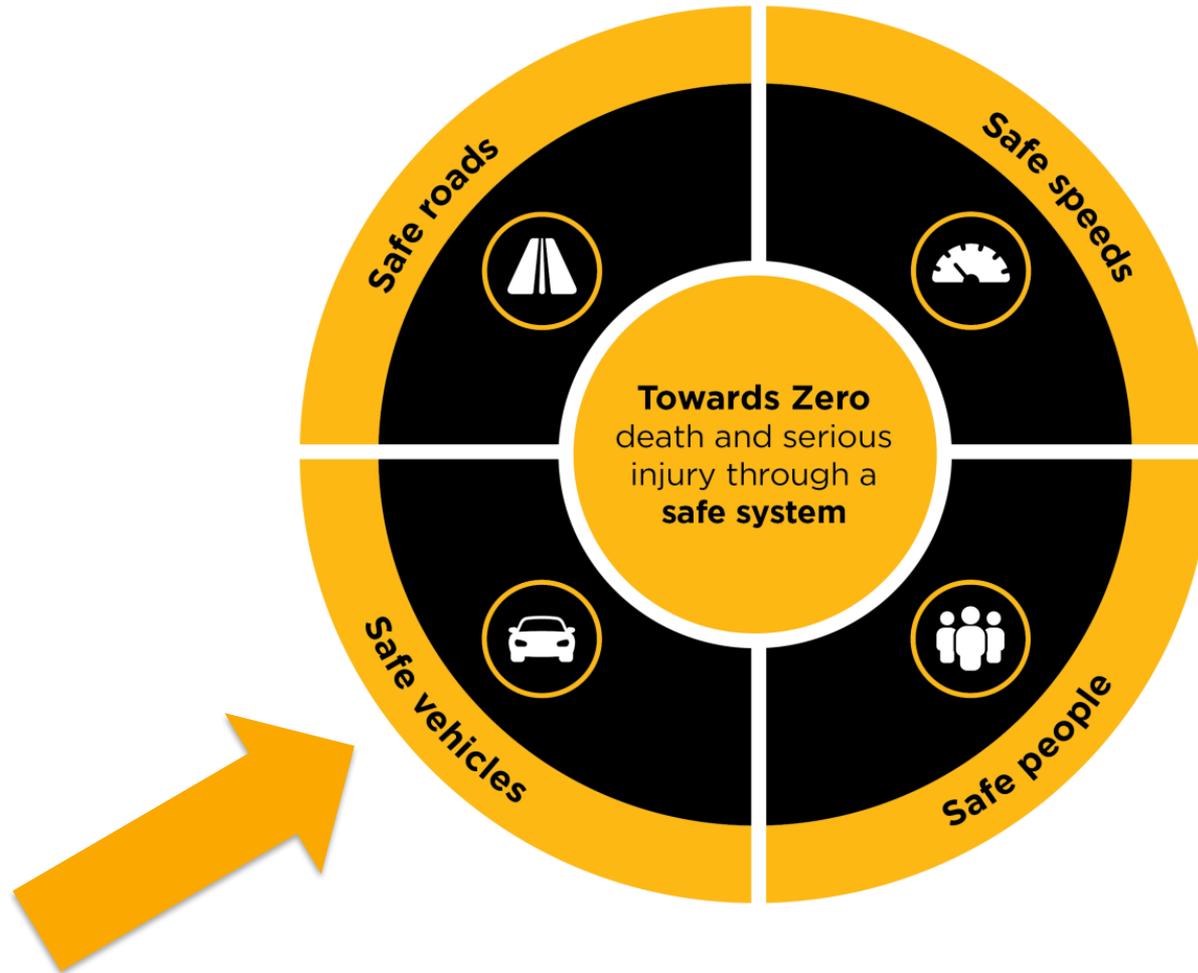

**Someone is killed
or hospitalised every**

because of a crash
on NSW roads

The Safe System

The Road Safety Plan 2021

FUTURE
TRANSPORT
STRATEGY
2056

Safe vehicles matter

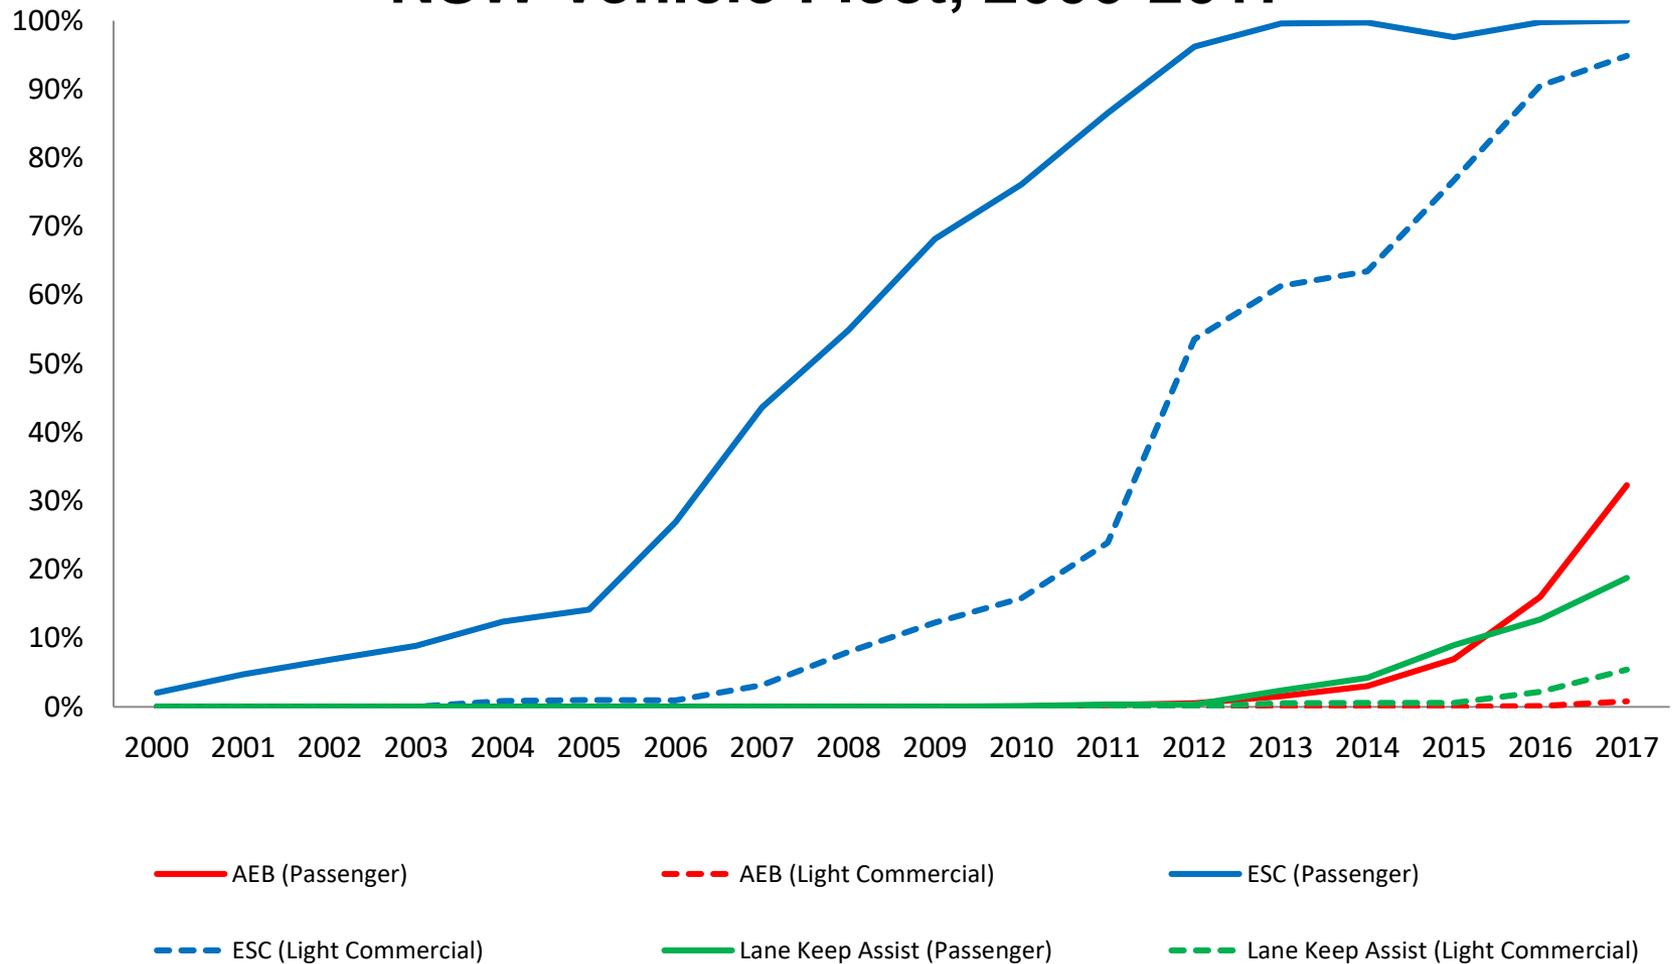

How much difference do safe vehicles make?

- Assessed over 20 safety assist technologies
- Evidence of effectiveness e.g. AEB - 56% reduction in FSI (front to rear crashes)

Uptake of Selected Vehicle Safety Features, NSW Vehicle Fleet, 2000-2017

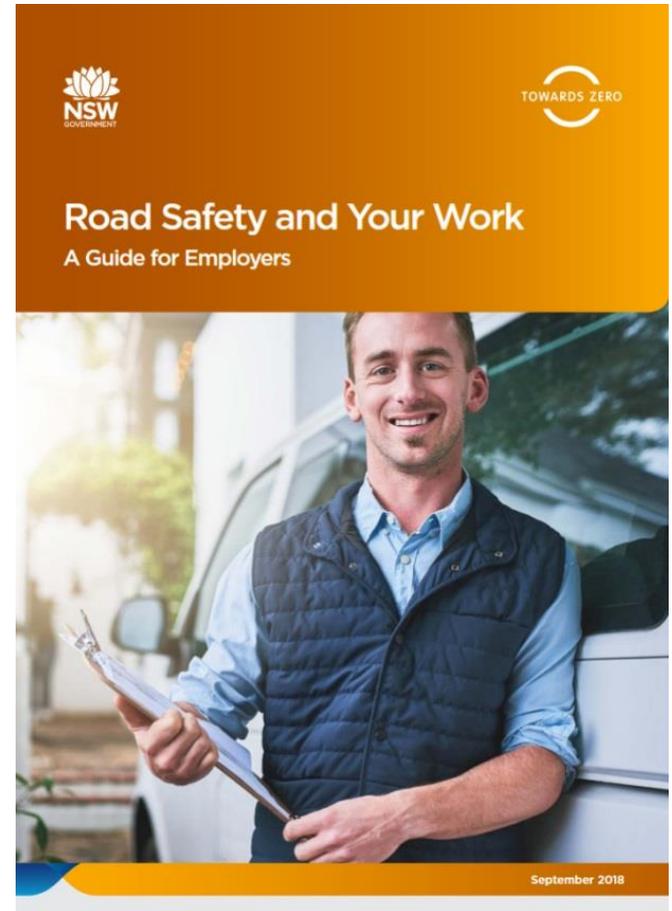

New Policy action in NSW

- NSW Government Light Vehicle Policy – leading the way:
 - Five star ANCAP, **and**
 - Electronic stability control (ESC)
 - Lane support systems (LSS)
 - Autonomous emergency braking (AEB)
 - Reverse Collision Avoidance Systems
- Benefits across the life of the vehicle

New policy action in NSW - cont

Legal obligation
under Work
Health and
Safety law

It's a shared
responsibility

We will continue to...

2018-19

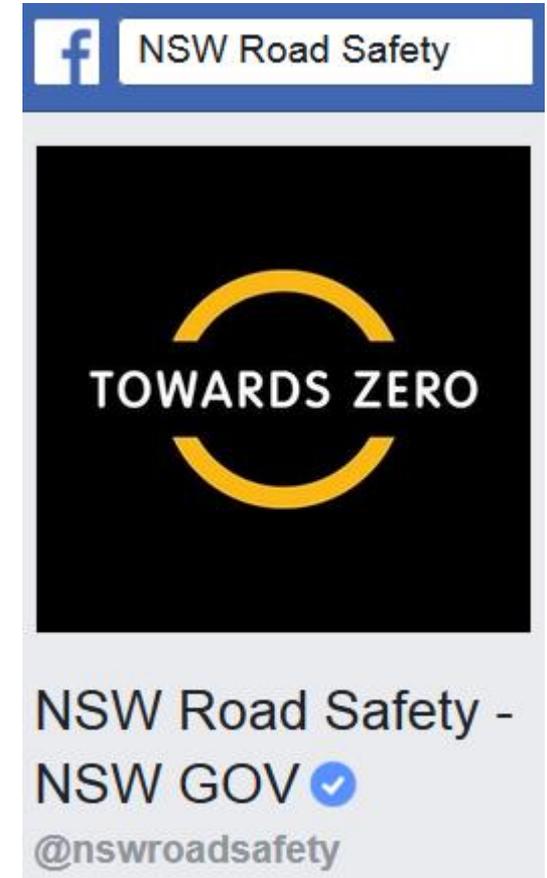

TOWARDS ZERO

What can fleet managers do?

- Purchase and maintain a safe fleet
- Encourage and monitor road safety
- Support the development of a Road Safety Policy
- Use of road safety data to provide an evidence base
- Promote the NSW Road Safety Facebook page
- Lead by example
